(54) CONTRACT METHOD AND CONTRACT PROCESSING SYSTEM

(57)Abstract:

PROBLEM TO BE SOLVED: To reduce damage which one party concerned with an electronic contract suffers due to violation of the contract of the other concerned party in the case that they make the electronic contract with each other.

SOLUTION: Explanation data 2150 where explanation contents presented from one party concerned with the electronic contract to the other concerned party are incorporated or specific data specifying explanation contents is acquired (contract data generation and signature processing 3240) to generate contract data 2240 including explanation data or specific data (contract data generation and signature processing 3240) before they make the electronic contract with respect to provision of commodities or services, and contract data is electronically signed by both or one of concerned parties (contract data generation and signature processing 3240 and contract data signature processing 3170).

LEGAL STATUS

[Date of request for examination] 18.02.2004
 [Date of sending the examiner's decision of rejection]
 [Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]
 [Date of final disposal for application]
 [Patent number]
 [Date of registration]
 [Number of appeal against examiner's decision of rejection]
 [Date of requesting appeal against examiner's decision of rejection]
 [Date of extinction of right]
